SERVE SAFELY

Face masks continue to be an important part of keeping our communities safe as we look forward to spring. [Check out the Kiwanis-branded face mask options](#) and share the good work of Kiwanis everywhere you go.

It might not be safe for your club to meet in person right now, but a [Kiwaniis-branded face mask](#) can be worn to help protect you and others anywhere you go. Comfortable fabric and a filter space provide fashion and function when you're out in the community. Even while you're social distancing, you can remind people that Kids Need Kiwanis.

Make sure that your club members have a Kiwanis-branded face mask. Even if you are meeting virtually, wearing your [Kiwaniis-branded gear](#) during daily activities unites you as a group. Branded face masks also identify your members as people who are committed to making a difference in your community.

We often think about wearing Kiwanis-branded gear when we are meeting or serving with our club. Consider wearing your gear outside of Kiwanis circles and engaging in opportunities to educate your community about Kiwanis. A small socially distanced or virtual conversation could lead to a new member or a connection that will benefit your club's community efforts.

Purchase masks for local schools and community organizations. Teachers, administrators and students (check guidelines by age) could benefit from the help of Kiwanis members who outfit them in face masks. Our Kiwanis Family store carries [Key Club masks](#), while our [ShopKiwanis](#) site offers several other options that can be customized with any artwork. Support from Kiwanis clubs makes navigating today's challenging learning environment a little bit easier and safer.

Making your own masks for a sewing or service project? Don't forget to add a [Kiwanis label](#) from the Kiwanis Family store. Every time the recipient sees it, they will think of your kindness and generosity.
