BECOMING THE LEADER PEOPLE WANT TO FOLLOW

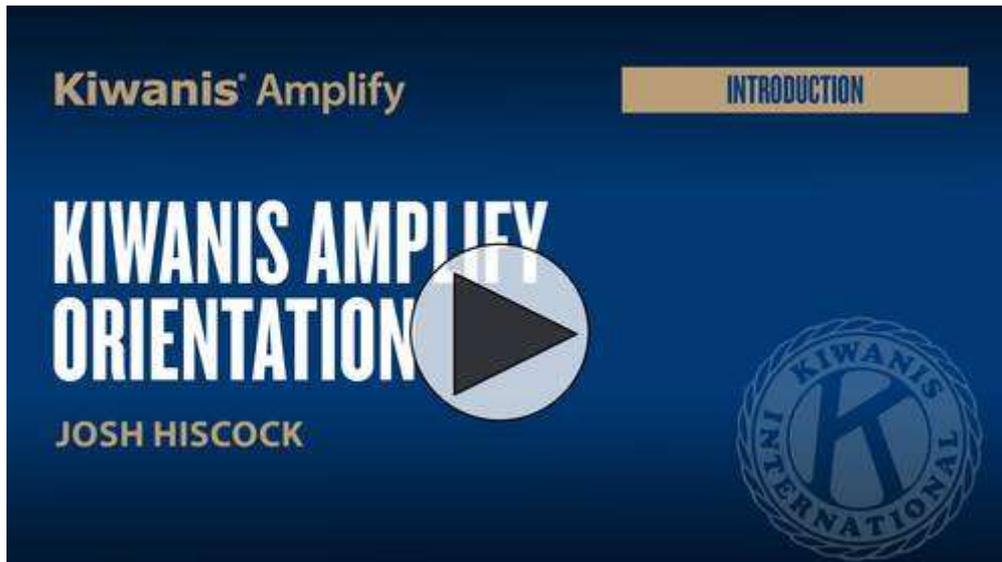

Hi Elio,

We're excited to begin the journey to help you strengthen your leadership skills through Kiwanis Amplify. These lessons were created for all levels of experience. Whether you're a seasoned professional or just getting started on your journey, you will deepen your understanding of what it takes to be a leader people want to follow.

Each of the eight modules is comprised of seven videos from thought leaders around the world. Each video ranges from five to 25 minutes long. We estimate it will take two to four hours to complete each module. A new module is released every Monday. We encourage you to complete the module the week it is released so that you can be an active participant on the discussion boards. That's where we'll take the concepts covered in the videos and turn them into examples found in real life.

The discussion in BlueSky — our learning management platform — will be focused on the content of the lessons. There is already robust conversation happening in our Facebook group. If you're not already part of this private group, [click this link](#) and press the "join group" button.

Watch this video for your orientation to Kiwanis Amplify.

On April 16, watch your email. We'll send you instructions on how to access the material on the BlueSky platform. There will also be a link to a survey so we can celebrate your development to becoming the kind of leader that changes lives.

The first lesson, which is the Leadership Module, will be released on Monday, April 19. We'll send you an email that day to let you know the material is live on the platform.

We're looking forward to seeing the great things you do.
